

DISCLAIMER

The following information applies strictly to any and all manufactured items utilizing SEQUINS, SEQUINED CLOTH, HOLOGRAPHIC FABRIC and MİRRORED PRODUCTS provided by DeMoulin Brothers & Company:

This disclaimer applies to the above fabrics manufactured by DeMoulin or products manufactured by other contracted vendors, sold or distributed through DeMoulin Brothers & Company.

Solid sequin and sequin trimmed garments should be handled with the utmost care. Use a professional dry cleaner and give appropriate instructions to clean without heat, steam or pressing. Sequined items cannot be exposed to perfume, hairspray, deodorant or any alcohol based substance. Should any of these products become wet they should be air dried using no heat. Sequined items should never be stored in plastic garment bags or covered with any air tight bag.

Holographic fabric is not to be dry cleaned. To clean simply apply a damp cloth using a mild detergent to wipe off any dirt and residue. Do not use bleach or immerse in water.

Mirrored emblems can be cleaned with a soft cotton cloth and should be removed before any dry cleaning or washing process.

Due to the delicate nature of these materials we cannot predict the life expectancy of these products nor can we accept the return of any garments for repair or alteration purposes. All items are manufactured according to specifications and therefore are not returnable. DeMoulin will offer absolutely no guarantee or warranty of any type for either of these products. No order can be cancelled after production of the order has begun. All items are sold as accessory products only and are not intended to be representative of the quality expected from all regular band uniform products made by DeMoulin. Please refer to the DeMoulin warranty for specifics in regard to all other uniform products.

This disclaimer must be presented to the buyer and signed by an authorized person responsible for this purchase.
